Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The following manuscript is based on actual events that have taken place over many a year with me. Sharing my little moments in time and learning to laugh at one's self is the best medicine or antidote life can offer. God lives in The Toilet is strictly a metaphor to finding a moment's piece of mind. One day at a time or moment, as I say, can make the difference to us all. I hope you enjoy and laugh from constipation to learning to live all over again with my white fantasy family. You're in for a good ride my friends. Hang on it's gonna get bumpy. Keep in mind that my dialect is part of my style of writing, it brings flavor to the stories. Enjoy a moment's piece. Okay, maybe more like a roll on the floor with me as I take you into my bathroom and share the Good News. God lives in The Toilet will stand out in the open market from a promotional concept; capturing all ages - young and old. Marketing the title is a powerhouse. Grabs one's imagination, and draws them in. The humor that within leads them down a path of moments in time all can relate to and gives the reader a concept of sharing life and all its embarrassing moments with love and laughter.
