

On Carleson measures and Hankel forms of higher weights on Hardy space

Filesize: 3.11 MB

Reviews

The ebook is easy in read through preferable to understand. It is actually writter in straightforward words and never hard to understand. I realized this publication from my dad and i encouraged this ebook to understand.
(Dr. Fausto Jenkins Sr.)

ON CARLESON MEASURES AND HANKEL FORMS OF HIGHER WEIGHTS ON HARDY SPACE

[DOWNLOAD](#)

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | In this book, we are concerned with two problems. The first problem is to describe Carleson measures for Hardy Sobolev spaces and the generalized Bergman spaces in the unit ball. We give, by means of Green's formula, an alternative proof of the characterization of Carleson measures for some Hardy Sobolev spaces (including Hardy space). We also give a new characterization of Carleson measures for the generalized Bergman spaces (including the Drury-Aveson space) on the unit ball, in terms of testing on balls, using $T(1)$ -Theorem type techniques for singular integrals. The second problem concerns bilinear Hankel forms of higher weights on Hardy spaces of the unit ball. We show that these Hankel forms are bounded and compact if and only if the symbols satisfy certain Carleson measure criteria and vanishing Carleson measure criteria, respectively. We get a full characterization of Schatten class S_p Hankel forms for p great or equal to 2, in terms of the membership for the symbols to be in certain Besov spaces. | Format: Paperback | Language/Sprache: english | 213 gr | 220x150x8 mm | 148 pp.
