Balboa Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This first book in the series The Moose Lake Chronicles sets the stage for the unfolding adventures of Angela, Carrie, and Roland as they brave the winter weather, bullies, wolves, haunted houses and the oftentimes very embarrassing adults and siblings that are an everyday aspect of their lives in the Northern mining town of Moose Lake. There is more to this one-hotel one-cinema town than meets the eye. Though set in the twenty-first century, Moose Lake is unique in that technology is limited and children do not text or carry cell phones. Families sit down together in the evenings and discuss things while eating dinner, and children run from house to house and garden to garden as though they are living in the 1950s. Nature is predominant and retains its mystery. In Moose Lake, the ordinary elements of everyday life are colourful in and of themselves. However, it soon becomes clear that while the majority of characters, especially the adults, are oblivious to the magic in their town, some of the children are seeing another realm; a realm that is not super-imposed or parallel, but co-exists and is merely invisible to the majority of adults.
