Yet he and his entire squad were killed by the ship's Artificial Intelligence, Penny Royal, which turned rogue. Now, reliving these traumatic final moments, Spear finds the drive to keep on living. That drive is vengeance. The AI still roams free and Spear vows to destroy it, planning to exploit another of its victims in his quest. But crime-lord Isobel Satomi has been modified by Penny Royal, turning her into something far from human. And as she evolves into the ultimate predator, will she turn Spear from hunter to hunted?
