

In the Wake of War: The Reconstruction of German Cities After World War II (Hardback)

Filesize: 1.93 MB

Reviews

This sort of book is everything and taught me to seeking forward and more. This really is for those who statte there had not been a well worth reading. I found out this pdf from my i and dad advised this book to discover.

(Prof. Griffin Murphy)

IN THE WAKE OF WAR: THE RECONSTRUCTION OF GERMAN CITIES AFTER WORLD WAR II (HARDBACK)**DOWNLOAD**

Oxford University Press, USA, United States, 1997. Hardback. Book Condition: New. 230 x 158 mm. Language: English . Brand New Book ***** Print on Demand *****.In 1945 Germany's cities lay in ruins, destroyed by Allied bombers that left major architectural monuments badly damaged and much of the housing stock reduced to rubble. At the war's end, observers thought that it would take forty years to rebuild, but by the late 1950s West Germany's cities had risen anew. The housing crisis had been overcome and virtually all important monuments reconstructed, and the cities had reclaimed their characteristic identities. Everywhere there was a mixture of old and new: historic churches and town halls stood alongside new housing and department stores; ancient street layouts were crossed or encircled by wide arteries; old city centers were balanced by garden suburbs laid out according to modern planning principles. In this book, Diefendorf examines the questions raised by this remarkable feat of urban reconstruction. He explains who was primarily responsible, what accounted for the speed of rebuilding, and how priorities were set and decisions acted upon. He argues that in such crucial areas as architectural style, urban planning, historic preservation, and housing policy, the Germans drew upon personnel, ideas, institutions, and practical experiences from the Nazi and pre-Nazi periods. Diefendorf shows how the rebuilding of West Germany's cities after 1945 can only be understood in terms of long-term continuities in urban development.
