Are you tired of admiring other couples when your relationship is on the brink of separation and divorce? Do you know that you are with the right person but want to find ways that you can enhance your relationship? And finally, are you sick of allowing your emotions to control you? If you have answered yes to any of these questions you have come to the right place! In this book I discuss how emotional intelligence is the foundation of a good relationship. As you are reading this you are probably asking yourself what is emotional intelligence. It is an interesting concept that has been ignored for many years but is now coming to the forefront in the all aspects of life from employment to relationships. This concept will be explained in depth in the book. Relationship counseling is great, but during their therapeutic advice they have missed out on one simple ingredient and that is emotional intelligence. When emotional intelligence is combined with other strategies success is guaranteed in your relationship. As with anything of substance you are going to have to work hard for a good relationship. Every long standing couple is going to tell you that they had to fight for what they have. If you think that the person you are with is worth fighting for then that is exactly what you should do! If you want to walk in the reality of the dream relationship that you have held in your mind for so long, you must read this book by author K.C. Smith entitled Relationship Rehab: Improve Your Emotional IQ to Finally Reach Relationship Nirvana.
