

Advanced materials and specialty liquid molding (general higher education under the Eleventh Five-year national planning materials)

Filesize: 3.84 MB

Reviews

It is great and fantastic. Sure, it is actually perform, nevertheless an amazing and interesting literature. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Ivy Hill DDS)

ADVANCED MATERIALS AND SPECIALTY LIQUID MOLDING (GENERAL HIGHER EDUCATION UNDER THE ELEVENTH FIVE-YEAR NATIONAL PLANNING MATERIALS)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 328 Publisher: Machinery Industry Pub. Date :2011-06-01 version 1. Dongxiang Zhong editor of advanced materials and specialty liquid molding for the general higher education. Eleventh Five-Year national planning materials. minutes. and the next two. The book describes: advanced materials forming the principle of special and classification of liquid. metal grades and special metal materials classified materials. gypsum. graphite. ceramics. glass. classification and preparation. formulation optimization of dental wax-type polymer materials and the preparation of nano-materials. knowledge engineering and reverse engineering of key technologies; next book focuses on: Computer Engineering in the green product development in the leading role. laser sintering of metal powder and polymer melt injection molding process. casting the three materials (Note) rapid economic modeling process . pressure fused deposition polymer powder and the molding process. special thermal spray coating of metal surfaces and electrochemical engineering. It also describes several liquid molding machinery and equipment of the structure. principles. and advanced materials. rapid liquid molding method. This book is advanced materials and specialty liquid molding 'next book. as undergraduate institutions. Materials Science and Engineering. Materials Processing and control engineering. industrial design. mechanical design. manufacturing and automation. biomedical classes and related professional materials . but also for engineering and technical personnel of enterprises reference. Contents: Preface Chapter 6 sequence in the green product development. computer engineering leading role in product development in the green 16.1 CADCAECAM role in product development 16.1.1 Green's three-dimensional modeling 16.1.2 three-dimensional CAD geometry of the input product build 86.1. 3 green CAE product development and process optimization of the virtual set 136.1.4 green product development process equipment 226.2 CADCAECAM CAM product development in the application of green example 316.2.1 large car...
