Reviews

Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Chuck is a bored college student who's ready to kill or die at any moment. He works as an armed security officer for the federal government where he watches the same people, work their same jobs, in their same offices, every same day. He believes his repetitive dead-end job is, on a smaller scale, symbolic of America as a whole, where people work dead-end careers all their lives and dream of some imaginary next job, while slaving to death for an American dream they never achieve. In the past he's escaped his own repetitive life only through writing screenplays. But now, believing that the only way one can get the most out of life is by breaking codes of morality, laws, and religion, he decides to commit murder to demonstrate that he is entitled to far more liberty than most people-and no God is there to stop him. He goes on to seduce the woman he desires, and kills more. Deluded by a fantastical imagination, he strives to become a maker of his own rules, a creator of fatally violent entertainment (with real killing), and an historical immortal. Carmen, the curvy college girl Chuck seduces, enjoys his bold advances and bad boy style at first, but once realizing he's a blasphemy-spouting murderer, will have nothing to do with him. Her goal in life: marriage. She only let Chuck have his way with her to get revenge against her boyfriend, who still hasn't promised to marry her. Deep...
