### **Reviews**

*The ideal publication i at any time go through. It is actually rally fascinating throgh reading through time. I am pleased to inform you that this is actually the greatest book i have got read through during my individual existence and might be he best book for at any time.*  
*(Alexandre Cruickshank)*

**ELECTRONIC HEALTH RECORDS: DOD AND VA EFFORTS TO ACHIEVE FULL INTEROPERABILITY ARE ONGOING PROGRAM OFFICE MANAGEMENT NEEDS IMPROVEMENT: GAO-09-7**[DOWNLOAD](#)

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 38 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. The National Defense Authorization Act for Fiscal Year 2008 required the Department of Defense (DOD) and the Department of Veterans Affairs (VA) to accelerate their exchange of health information and to develop systems or capabilities that allow for interoperability (generally, the ability of systems to exchange data) by September 30, 2009. It also required compliance with federal standards and the establishment of a joint interagency program office to function as a single point of accountability for the effort. Further, the act directed GAO to semiannually report on the progress made in achieving these requirements. For this third report, GAO evaluated (1) the departments progress and plans toward sharing fully interoperable electronic health information that comply with federal standards and (2) whether the interagency program office is positioned to function as a single point of accountability. To do so, GAO analyzed agency documentation on project status and conducted interviews with agency officials. This item ships from La Vergne, TN. Paperback.
