Filesize: 7.96 MB

Reviews

This written book is excellent. It really is rally fascinating throug studying period. You are going to like the way the writer write this publication.
(Hadley Ullrich)

THE THREE BOOKS OF OCCULT PHILOSOPHY: A COMPLETE EDITION (NEW EDITION)

Llewellyn Publications, U.S. Paperback. Book Condition: new. BRAND NEW, The Three Books of Occult Philosophy: A Complete Edition (New edition), Heinrich Cornelius Agrippa Von Nettesheim, Now you can learn from the original, most important source for magic in the Western world that has ever been published, when you get Agrippa's "Three Books of Occult Philosophy." This massive volume was originally published in 1531, and occultists have been drawing on it ever since. Now, Llewellyn is proud to produce the first complete reprint of the original English translation in the last 500 years. Donald Tyson edited this work and removed the hundreds of errors that appeared in the original translation. He also fully annotated the work, to make it understandable--and usable--by people today. -Discover what the Renaissance scholar knew about astrology, medicine, history, herbs, geography, animals, angels, devils, Witches, charms, the weather, and a host of other subjects -Gain immediate reference to a vast amount of arcane, but completely annotated, magical material -Find corrected drawings of seals, sigils, and magic squares, and correctly represented geomantic figures -Explore the practical Kabbalah, geomancy, the magic squares, the elements, the humors, and the Soul of the World -Consult the new Biographical dictionary for background on each of the hundreds of writers and historical figures referred to by Agrippa -Consult the new Geographical Dictionary for data on referenced rivers, mountains, nations, cities--many of which now carry different names. The "Three Books of Occult Philosophy" is the most complete repository of pagan and Neoplatonic magic ever compiled. This book is packed with material you will not find elsewhere, including copious extracts on magic from obscure or lost works by Pythagoras, Ptolemy, Plato, Aristotle, and many others. Tyson's detailed annotations clarify difficult references and provide origins of quotations, even expanding upon them in many cases, in order to...
