Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. The Beatles Second Album runs only 22 minutes, with just 11 songs - many of which the group didn't write. Despite all that, the album personifies the Beatles: the world's greatest rock n roll band, according to well-known rock n roll critic and author Dave Marsh. With its overload of rock n roll, RB, and early soul influence, including Roll Over Beethoven, and Long Tall Sally, The Beatles Second Album - the audiobook and the album - offers a great vantage point from which to see the group's enormous impact on pop music and culture. Marsh breaks new ground by focusing on the Beatles US recordings and how they evolved from British releases at a time when the two nations approaches to rock n roll production were vastly different.
